

Chiratal

Shell Station in
Guía de Isora

WELCOME TO TENERIFE

Finca El Chiratal is about 39 km away. After the airport exit (Salida), take the highway towards **Los Christianos** to its end, shortly past the Adeje exit. The highway ends in a traffic circle. Take the traffic circle's 2nd exit (**Guía de Isora**). Stay on the road straight to **Guía de Isora**. Drive through the village and turn left about **10 m before the Shell Station** (which is located on the right-hand side of the road). Stay on this road. After about 2.5 km, you'll see 3 large power line masts. Turn left at the second mast (tight corner, somewhat steep slope). Stay on this road. The route is marked with yellow arrows. You'll pass through 2 gorges. You should see our sign on the left after 1 km. The parking spots are located a few meters further on the right-hand side of the road, just past the reception (large gate).
